

Natural Log Fines | Wood Chips

Ingredients

Tree stumps
Logs
Branches

Product Uses & Specifications

Natural fines are an effective ground cover for weed suppression, water retention, and landscape beautification. Natural fines are made from aged tree stumps, logs, and branches. They are ideal for container plants, planter beds, unpaved pathways, and as a woody landscape mulch.

Manufacturing Description

- Ground twice for consistent particle sizing
- Screened to remove large pieces
- Standard sizing is 1/2" and under
